## How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much the fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

## Risk rating

Qwest Investment Fund Management Ltd. has rated the volatility of this fund as **high**.

This rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What are the Risks of Investing in a Mutual Fund?" section of the fund's simplified prospectus.

## No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

**How has the fund performed?**

This section tells you how Series A shares of the fund have performed over the last seven calendar years. Returns are after expenses have been deducted. These expenses reduce the fund’s returns.

**Year by year returns**

This chart shows how Series A shares of the fund performed in each of the past seven calendar years. The fund has dropped in value in five of the seven calendar years. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

**Best and worst 3-month returns**

This table shows the best and worst returns for the Series A shares of the fund in a 3-month period over the past seven years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Return	3 months ending	If you invested \$1,000 at the beginning of the period
Best return	23.67%	November 30, 2010	Your investment would rise to \$1,236.70
Worst return	-39.47%	November 30, 2008	Your investment would drop to \$605.30

**Average return**

An individual who invested \$1,000 in Series A shares of the fund since its inception would have \$847.20 on March 31, 2014. This works out to an annual compound return of -15.28%.

**A word about tax**

In general, you’ll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

**Who is this fund for?**

Investors who are:

- seeking long-term capital growth from investments in the Canadian energy and resources sector;
- not concerned with short-term price fluctuations; and
- willing to accept high risk.

**! Don’t buy this fund if you need a steady source of income from your investment.**

**How much does it cost?**

The following tables show the fees and expenses you could pay to buy, own and sell Series A shares of the fund. The fees and expenses – including any commissions – can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

**1. Sales charges**

You may be charged an initial sales charge.

Sales charge option	What you pay		How it works
	in percent (%)	in dollars (\$)	
Initial sales charge	0 - 5%	\$0 - \$50 per \$1,000 investment	At the time of purchase, you negotiate the sales charge you pay with your representative. The charge is deducted from the amount you invested or paid by you directly to the representative.

**2. Fund expenses**

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

Annual rate (as a % of the fund's value)

**Management expense ratio (MER)**

This is the total of the fund's management fee (including the trailing commission) and operating expenses.

4.52%

**Trading expense ratio (TER)**

These are the fund's trading costs.

0.53%

**Fund expenses**

5.05%

As of December 31, 2013, the fund's expenses were 5.05% of the value of the fund. This equals \$50.50 for every \$1,000 invested.

**More about the trailing commission**

The trailing commission is an ongoing commission. It is paid for as long as you own the fund. It is for the services and advice that your representative and their firm provide to you.

Qwest Investment Fund Management Ltd. pays the trailing commission to your representative's firm. It is paid from the fund's management fee and is based on the value of your investment.

Your representative receives an annual trailer fee of 1.00% of the average net assets of shares of the fund held by you during each calendar quarter. This equals \$10.00 for every \$1,000 invested.

**3. Other fees**

You may have to pay other fees when you buy, hold, sell or switch shares of the fund.

**Fee**

Short-term trading fee

**What you pay**

You may be required to pay the fund a short-term trading fee of 2% of your investment amount if you redeem securities of the fund within 90 days of purchase.

**What if I change my mind?**

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual funds within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document or financial statements contain a misrepresentation. You must act within the time set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
